G10 Bluetooth PTT Headset Product Specifications

Product Overview

The G10 is a professional bone conduction Bluetooth PTT headset featuring open-ear design that ensures clear communication while maintaining environmental awareness. With Bluetooth 5.1 connectivity and dedicated PTT button, it's perfectly compatible with Zello and other professional intercom apps. The 180mAh battery provides up to 160 hours standby time, meeting the all-day communication needs for logistics, construction, security and other industries.

Key Features

1. Push-To-Talk (PTT) one-key communication
2. Intercom function
3. Open-ear design
4. Remote control capability
5. LED status indicator

Compatibility

- Operating Systems: Android/iOS dual support
- Dedicated App: Fully compatible with Zello APP

Product Parameters

Specification	Details
Product Name	Bone Conduction Headset
Model Number	G10
Bluetooth Version	Bluetooth V5.1
Supported Protocols	HFP/A2DP/SPP/BLE
Frequency Class	Class2
Operating Distance	10m
Transmit Power	4dB
Talk Time	6-7 hours
Standby Time	160 hours
Battery Capacity	180mAh
Charging Time	< 3 hours
Input	DC 5V~200mA
Operating Temperature	-10°C~50°C

Product Highlights

1. Bone conduction technology with open-ear design
2. Professional PTT button for instant communication
3. Ultra-long 160-hour standby time
4. Stable Bluetooth 5.1 connection
5. Multi-protocol support (HFP/A2DP/SPP/BLE)

Application Scenarios

- Logistics and transportation communication
- Construction site coordination
- Security patrol operations
- Hotel and restaurant services
- Outdoor team activities

Package Contents

- G10 Headset ×1
- USB Charging Cable ×1
- User Manual ×1
