Bus voltage	21- 30V DC
Bus current consumption	<12MA
Bus power consumption	Max.360mw
Auxiliary voltage	12- 30V DC
Auxiliary power consumption	<1.5 W
Programming keys	Pressing key operation through the hole at the back of the panel
Programming indicator	After the programming key is pressed, the red indicator lights up, and the green indic during normal operation.
Running	-5°C ~ +45°C
Storage	-25°C ~ +55°C
Transportation	-25°C ~ +70°C
Humidity	< 93% Excluding condensation
