SPECIFICATION AND USER MANUAL

Model NO.	BT300R	TYPE	Rechargeable Bluetooth 5.0 mouse
MP DATE		DATE	
PICTURE	 		

	Item	Spec	Item	Spec
	Mouse type	Rechargeable Bluetooth 5.0 mouse	Number of keys	6 keys
	Working mode	Optical	Mouse size (L * W * H)	115.4*73.3*44mm
	Power switch	YES	Mouse net weight (bare)	±94g
	Default Dpi	1200	Receiver size (L * W * H)	18.5*14.5*6.5mm
	Battery type	polymer li-ion battery (600mA)	Receiver net weight	2±0.5g
	Working time	60 hours	Charge time	2.5 hours
	DPI indicator	1000(The light flashes 1 time) 1200(The light flashes 2 times) 1600(The light flashes 3 times)	Deep sleep time	10 minutes
	DPI l	1000-1200-1600	Key life	Left+right:3 million times middle key: 1 million times side key : 1 million times
	Data rate of return	125HZ	dissociation	8-10 meters
	Low voltage alarm	LED will flash When Voltage is 3.1-3.2V	System compatibility	XP/Vista/Win7/Win8/ Win10/MAC/LINUX and above
	Solution manufacturer	OnMicro	Mouse IC model	HS6621DS

	Mouse operating voltage	DC1.5V	Mouse operating current	≤20mA
	Mouse sleep current	≤0.1mA	Photoelectric IC	3065
	Operating temperature	0～45℃	Storage temperature	-20～+60℃
	Working humidity	20～90%	Stored humidity	≤93% (40℃)

	1	Low power indicator function +DPI indicator LED
	2	Ergonomic design
	3	The effective working distance is 8-10 meters, Strong anti-interference ability

Instructions

1. Unpack the product,Turn on the mouse ,then search for the name “mouse 5.0” in the Bluetooth device list and click pair .
2. The first time to use the mouse, the system may need to install a USB driver, then the computer will automatically search and install the mouse driver; After the driver is installed, the mouse can work normally.
