Electronic device storage cases		This double-layer tech organizer bag is made of waterproof PU outer shell with shock-proof foam interior. Multiple elastic bands and mesh pockets arrange charging cables, adapters, mouse, earbuds and iPad-mini neatly. Built-in hand-strap design is perfect for travel, business trips and daily home-office use.	double-layer electronic organizer bag, travel cable storage pouch, waterproof tech accessories case, portable cord organizer with hand strap, ipad-mini carrying bag for travel	Double-Layer Electronic Organizer Bag, Waterproof Travel Cord Organizer Case, Portable Cable Storage Pouch for Chargers, Mouse	WLLXR-0713-5	Water-Resistant PU Outer Shell & Shock-Proof Interior Durable PU outer surface blocks daily water splashes effectively, thick foam padding protects your electronic gadgets from bumps, scratches and accidental drops during travel. Two-Layer Separate Storage Structure Two independent compartments classify your items separately. Upper area holds various cables, memory cards and small accessories; lower section fits iPad-mini, power bank, adapter and mouse, avoiding messy tangling. Flexible Elastic Bands & Multi-Pocket Layout Adjustable elastic straps fix items tightly without shifting. Multiple mesh zipper pockets and divided slots store U-disk, SD-cards, pens and small stuff, so you can find out your accessories quickly. Portable Design with Sturdy Hand-Strap Light-weight only 0.53lbs, compact size easily slips into suitcases, backpacks or handbags. The reinforced hand-strap allows you to carry it separately when you go on short trips or business journeys. Wide Application for Multiple Scenarios It is not only a travel cable organizer for business trips and vacations, but also works well for home-office daily storage. Suitable for office workers, students and travelers to organize their tech gadgets.	500	PIECES	45	65	TT	4	6	Ningbo	WILLY
