# Hand gestures brush tiktok

Smart ring brush Tiktok is a new interactive way. Through the connection with the mobile phone or other devices and specific technical support, the smart ring can realize some operation control and page turning of the Tiktok application, which provides users with a more convenient and innovative experience. Without directly touching the mobile phone screen, it can operate Tiktok, various videos, browse the web, shop, etc. to a certain extent

# The Smart Choice No need to question

Titanium is a new type of metal, the performance of titanium is related to the content of carbon, nitrogen, hydrogen, oxygen and other impurities, so it has high thermal strength, can still maintain the required strength at medium temperatures, and good corrosion resistance, large chemical activity, small thermal conductivity, titanium alloy in low temperature and ultra-low temperature, can still maintain its mechanical properties.

钛合金往往给人一种高端、科技感的视觉和触觉感受，提升产品的档次和吸引力。

# 佩戴说明

## STEP-01

Please select a thin layer without elasticity when measuring Circle the line around the finger.

## STEP-02

Straighten the thin line and measure its length with a ruler Choose according to the following specifications,

## Specification parameter

Product weight:	About 2.5g
Chip:	Dialog DA14531
Heart Rate sensor:	Tianyi 3602
Storage capacity:	128kb ROM + 96 Kb RAM!
Working temperature:	-20-60C
Charging method:	Magnetic charging
Compatibility:	Android 5.0 and above; Apple iOS10.0 or higher
Compatible Software:	JRing
