Product Specification

Ceramic Ring

IC chip: FM11RF08 (ISO 14443A Compliant)

Configuration	Image (with Offset/4C printing)
 MOC-200S-0N	

Mechanical Properties	
Tag Specification	
Model No.	MOC-200S-0N
Dimensions	OD24.8/ID19.8/H8 mm
Color	Black/ White for base; Pattern could be customized
Material	Ceramic
Weight	5g
IC Chip Specification	
Type	FM11RF08 (ISO 14443A Compliant)
Function	Read/Write
Frequency	13.56 MHz
Memory (EEPROM)	1K bytes
Electrical & Other Characteristics	
Storage Temperature	-40~150°C / -40~302°F
Working Temperature	-30~85°C / -22~185°F
Humidity	5%-95% non-condensing
Logo	Pattern could be customized
Water resistance	Waterproof
