# Key Points

## Rotatable Boom Microphone

The microphone can be 180 degree rotatable which is very convenient for user to adjust it to the best orientation.

And the microphone can efficiently reduce the ambient noise and ensure crystal clear talking experience.

1

## Easy Operation, Just Plug In

USB01 is a very useful wired USB headphone.

Simply plug in the USB port into computer to use the headphone for music and talking.
No need to install any software.

2

## In-Line Button Control

Easy accessible in-line buttons controls for volume adjusting when taking and listen to music.

You can also mute the sound by simply press the mute button once.
